SUBJECT: July 16, 1982, Trip Report to Dead Creek,

TO: File

Ms. Paige Peck, EPA Procurement Section and myself arrived at the Dead Creek site at 10:00 a.m. Tom Powell of the Illinois Environmental Protection Agency met us at the site. The purpose of this trip was to hold a preproposal conference and site tour for the six contractors solicited to install a chain link fence around the perimeter of Dead Creek between new Queeny Avenue and Judith Lane.

Only two of the six contractors invited decided to attend. They were:

Ed Gentry
Granite City Fence Company
Granite City Illinois

Richard Ryan
Belleville Fence
Belleville, Illinois

The five of us began walking the site. Mr. Ryan measured the distance as we walked. The lineal feet of fence needed is approximately 4151 feet.

Both men were concerned that getting access to the site would be difficult. I concurred with their assessment but I indicated that I would obtain all necessary permissions prior to the effective date of the contract (August 9, 1982).

Attached are the changes to the Specifications and Statement of Work requested by the contractors during the conference. The changes were minor but the deadline for receipt of proposals was extended two days until 3:30 p.m., July 23, 1982.

The preproposal conference concluded at 12:30 p.m.
